It is hereby notified that application for prequalification for construction Tender of **Package CC1 – Mentiri Tunnels for CADANGAN PROJEK JAMBATAN TEMBURONG (PROPOSED TEMBURONG BRIDGE PROJECT)** is open.

Package CC1 is the link connecting the Brunei Channel Bridge (CC3) with the existing Jalan Utama Mentiri. The anticipated scope of Works comprises the following:

- a. three tunnels of approximate length 750m, 490m and 220m;
- b. two stretches of road between the three tunnels consisting of viaducts and at grade roads;
- c. four ramps which connect the western tunnel portal with the existing Jalan Utama Mentiri, and
- d. associated civil, structural, geotechnical, environmental protection, landscaping, drainage, highways mechanical and electrical works, road lighting provisions, traffic aids and sign gantries, lightning protection system, civil and structural provision for installation of traffic control and surveillance system (TCSS).

The works are scheduled to start in the 3rd quarter of 2015 and completion by 2nd quarter of 2018.

Applicants meeting the following requirements are eligible to apply for prequalification:

1. The applicant, in the case of a single contractor, must be a Class VI (category KA01) contractor registered with the Ministry of Development in Brunei. In the case of a joint venture applicant, the applicant must have at least ONE (1) Class VI (category KA01) contractor registered with the Ministry of Development in Brunei as a participant/shareholder.
2. The applicant must have an average of total annual turnover of the past 5 years of at least equivalent BND\$170 million.
3. The applicant must have a working capital, for each of the past 3 years and the projected next 2 years, of at least equivalent BND\$45 million.
4. The applicant, or any one of the participants/shareholders in the case of a joint venture applicant, must have achieved substantial completion of construction (or at least 80% completion of construction if still on-going) for one viaduct erected by precast segmental balanced cantilever method within the past 15 years.
5. The applicant, or any one of the participants/shareholders in the case of a joint venture applicant, must have achieved substantial completion of construction (or at least 80% completion of construction if still on-going) for one tunnel in soft ground of sedimentary origin using mechanical excavation method within the past 15 years.
6. The applicant, or any one of the participants/shareholders in the case of a joint venture applicant, must have achieved substantial completion of construction (or at least 80% completion of construction if still on-going) of site formation works (including cut slope of more than 10m and soil nailing/ground anchors in sedimentary rock and superficial deposits, rock slopes stabilization measures in sedimentary rock and fill slopes/retaining wall of more than 10m) within the past 15 years.

7. The applicant, in the case of a single contractor, must obtain a quality management system certification that complies with the requirements of BS EN ISO 9001 : 2008. In the case of a joint venture applicant, each and every participant/shareholder except the Class VI (category KA01) contractor registered with the Ministry of Development in Brunei, must obtain a quality management system certification that complies with the requirements of BS EN ISO 9001 : 2008.
8. The applicant, or each and every participant/shareholder in the case of a joint venture applicant, must be free of any conviction of any offence related to fraud, money laundering or corruption and the like under the laws of any country.

The details of the requirements are stipulated in the prequalification documents which can be purchased from the following address:

**Tender Unit,
Ground Floor, Public Works Department Headquarters,
Old Airport Road, Berakas,
